You can't get a hard wire kit from TomTom, but this is perfectly possible using the supplied adapter and a few other bits from Amazon (or any auto electric store). Buy a standard 12v extension socket (like this one) with the plug end cut off and the positive wire hard-wired into a fuse piggy-back adapter (like this one).

Looking for a hardwire kit — TomTom Community

The TomTom Car Kit's integrated speaker is much louder and clearer than the iPhone's, which makes a huge difference when trying to hear turn-by-turn directions over road and wind noise.
